Henry® Roof Restoration
Product Catalog
Made Especially for the Contractor
Protecting roofs and reputations since 1933

For almost a century, Henry has provided professional roofing contractors with proven solutions. We know water intrusion impacts lives every day, and your reputation is on the line with every job and every product you install. We are here for you, to help you select the right products and systems to mitigate water intrusion and deliver solutions with confidence.

The Henry Roof Restoration product line was developed specifically for professional roofing contractors, and is backed by industry-leading warranties. When you choose Henry you can rest assured that you’re receiving superior performing solutions that will protect your projects and your reputation.
Roof Coatings

Silicone Roof Coatings

**Henry Pro-Grade 988 Silicone White Roof Coating**
- Dirt Pick-Up Resistance (DPUR) formula – Stays whiter and brighter longer
- Rain safe in 15 minutes
- Permanent ponding water resistance
- High solids content, one coat application
- Superior UV resistance and reflectivity
- Helps lower roof and interior temperatures providing energy savings
- Low odor and VOC compliant in all jurisdictions
- Proven waterproofing performance per ASTM D7281
- Helps extend the existing roof membrane life cycle
- Restoration System installation qualifies for up to 20-year Material, Labor & Workmanship Henry Gold Seal Warranty

**Coverage:** 1.5 gallons/square
**Sizes available:** 4.75 gallon pail and 55 gallon drum
**Colors:** White, gray and tan

**Henry Pro-Grade 988 Premium & Custom Color Silicone Roof Coating**
- Permanent ponding water resistance
- Low odor and VOC compliant in all jurisdictions
- High solids content, one-coat application
- Excellent adhesion to many substrates
- Restoration System installation qualifies for up to 20-year Material, Labor & Workmanship Henry Gold Seal Warranty

**Coverage:** 1.5 gallons/square
**Sizes available:** 4.75 gallon pail and 55 gallon drum
**Minimum Order Quantity:** 3,300 Gallons for Custom Color
**Colors:** Almond, brick red, brown, charcoal, terra cotta, safety yellow and custom

Acrylic Roof Coatings

**Henry Pro-Grade 280 Elastomeric White Roof Coating**
- Premium water-based 100% acrylic latex coating
- Highly resistant to disbonding, chalking, mildew, fungi, discoloration
- Helps extend the existing roof membrane life cycle
- Meets or exceeds ASTM D6083 - Standard Specification for Liquid Applied Acrylic Coating Used in Roofing
- Restoration System installation qualifies for up to 12-Year Material, Labor & Workmanship Henry Gold Seal Warranty

**Coverage:** 3.0 gallons/square to be applied in two coats at 1.5 gallons/square
**Sizes available:** 4.75 gallon pail, 55 gallon drum and 275 gallon tote
**Color:** White

Spray Polyurethane Foam

**PremiR+® EVO™**
- Provides a fully adhered, monolithic, sustainable air barrier and thermal insulation
- Superior yield reduces cost and amount of material required
- Enhanced wind uplift resistance for a fully adhered roof system
- Yields a smooth surface, reducing the need for extra coating
- Self-flashing, seamless application
- Does not contain any HFCs or HCFCs

**Sizes available:** 55 gallon drum
Aluminum Roof Coatings

Henry Pro-Grade 599 Rubberized Aluminum Roof Coating - Solvent-based
- One-coat application – no primer required
- Excellent flexibility
- Helps extend the existing roof membrane life cycle
- Helps lower interior temperatures as well as energy costs
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship Henry Gold Seal Warranty

Coverage: 1.5 - 2.5 gallons/square
Sizes available: 4.75 gallon pail and 50 gallon drum

Henry Pro-Grade 586 Fibered Aluminum Roof Coating - Solvent-based
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Low odor and VOC compliant in all jurisdictions
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship Henry Gold Seal Warranty

Coverage: 1.5 - 2.5 gallons/square
Sizes available: 4.75 gallon pail and 50 gallon drum

Henry Pro-Grade 588 Aluminum WB Roof Coating - Water-based
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Low odor and VOC compliant in all jurisdictions
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship Henry Gold Seal Warranty

Coverage: 1.5 gallons/square
Sizes available: 4.75 gallon pail, 50 gallon drum and 250 gallon tote

Asphalt Roof Coatings

Henry Pro-Grade 197 Asphalt Emulsion
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Low odor and VOC compliant in all jurisdictions
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship Henry Gold Seal Warranty

Coverage: 3.0 gallons/square
Sizes available: 4.75 gallon pail, 55 gallon drum and 275 gallon tote
Silicone Sealants

Henry Pro-Grade 957 Silicone Fibered Roof Sealer
- Reinforced with fibers
- Excellent repair material for many roofing substrates
- Seals flashings, fasteners, seams and drains
- Easily applied by trowel up to 1/2” thick on vertical or horizontal applications

Sizes available: 2 gallon pail
Color: White

Henry Pro-Grade 920 Silicone Roof Sealant
- Seals roof membrane seams, concrete cracks, flashing, drains and damaged areas on most roof substrates
- No hardening, chalking, crazing, cracking or reverting
- Wide temperature performance range: -40 °F to 200 °F
- 100% silicone moisture-cure technology

Sizes available: 10.1 oz cartridge
Color: White

Henry Pro-Grade 928 Pitch Pocket & Self-Leveling Roof Sealer
- Encapsulates and seals fasteners on metal roofs
- Forms a watertight, non-shrinking seal for penetrations in metal pitch pocket flashings

Coverage: 150 - 200 fasteners/cartridge at 1/2” diameter
Sizes available: 10.1 oz cartridge
Color: Black

Acrylic Sealants & Accessories

Henry 295 Metal Seam Sealer - Solvent-based
- Rubber-based, mastic-grade, elastomeric sealant designed to seal critical fasteners and lap seams on metal roofing
- Can be applied with a bulk cartridge applicator
- May be coated with either an acrylic or solvent-based elastomeric reflective coating, or an asphalt-aluminum reflective coating
- Not for use in VOC regulated areas

Sizes available: 5 gallon pail
Color: White

Henry 289 White Roofing Sealant - Water-based
- Elastomeric acrylic patching compound
- Applies to dry or damp (not wet) surfaces
- Doesn’t “bleed through” reflective coatings
- Skins over quickly – no delays

Coverage: 12 1/2 sq. ft. per gallon applied 1/8” thick.
Sizes available: 10.1 oz cartridge, 1 gallon, 3.5 gallon
Color: White

Primers

**Henry Pro-Grade 294 Base Coat & Sealer**
- Stain-blocking sealer for use on asphaltic surfaces prior to silicone roof coating systems
- Gray base coat for use in water-based white roof coating systems
- Highly resistant to disbonding

**Coverage**:
- 1.5 gallons/square when used as a base coat prior to application of Henry Pro-Grade 280
- 1.0 gallons/square when used as a stain blocker prior to application of Henry Pro-Grade 988

**Sizes available**:
- 4.75 gallon pail, 55 gallon drum and 275 gallon tote

**Color**: Gray

**Henry Pro-Grade 941 Primer**
- One-coat adhesion promoter designed to enhance the bond strength of silicone coatings to roof surfaces
- Quick drying

**Coverage**: 500 sq. ft./gallon

**Sizes available**: 1 gallon can

Repair & Reinforcement Fabrics

**Henry 181 Black Asphalt Saturated Glass Fabric**
- Woven, open-mesh fiberglass
- 20 x 10 thread count
- ASTM D1668

**Sizes available**: 4 in. x 150 ft., 6 in. x 150 ft., 36 in. x 150 ft.

**Henry 183 Yellow Resin Coated Glass Fabric**
- Yellow resin coating minimizes distortion and aids in quality workmanship
- Compatible with asphalt cements and coatings, emulsions, solvent-based and hot-melt products
- Woven, open-mesh fiberglass
- 20 x 10 thread count
- ASTM D1668

**Sizes available**: 4 in. x 150 ft., 6 in. x 150 ft., 36 in. x 150 ft.

**Henry 195 Polyester Fabric**
- Contains soft-finish polyester
- Provides an ideal reinforcing component in cold process roofing and repair
- Conforms readily to irregular surfaces

**Sizes available**: 6 in. x 300 ft., 12 in. x 300 ft., 40 in. x 324 ft., 6 ft. x 324 ft.

**Henry 296 ElastoTape™ Repair Fabric**
- 100% spunbonded, non-woven polyester mat
- High tensile strength
- Puncture resistant
- Excellent reinforcement fabric for roofing and waterproofing applications

**Sizes available**: 4 in. x 150 ft.
Mastics & Roof Cements

Henry Pro-Grade 167 Extreme Rubberized Flashing Cement
- Contains UV inhibitors and SEBS rubber for durability
- Suitable for extreme weather conditions
- Superior elasticity and flexibility; ideal for control joints and seams or anywhere else movement is expected
- Installation temperature range (ambient): -20 °F to 140 °F
- 100% underwater adhesion per ASTM D3409
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement
Coverage: 12 sq. ft. per gallon applied 1/8” thick
6 sq. ft. per gallon for 3-course application
Sizes available: 1 gallon can and 3 gallon pail
Color: Black

Henry Pro-Grade 155 Flashing Cement
- Contains SBS rubber for flexibility and elasticity
- Will not sag/slip even at high roof temperatures
- Low temperature and summer grades
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement
Coverage: 12 sq. ft. per gallon applied 1/8” thick
30 sq. ft. per 4.75 gallon pail for 3-course application
Sizes available: 10.1 oz cartridge, 1 gallon can and 3 gallon pail
Color: Black

Henry Pro-Grade 163 Emergency Leak Repair Sealant
- Modified with SBS rubber for improved flexibility and durability
- Tenacious adhesion even when applied underwater
- Spreads easily, even in cold weather
- Installation temperature range (ambient): 0 °F to 120 °F
- 100% underwater adhesion per ASTM D3409
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement
Coverage: 12 sq. ft. per gallon applied 1/8” thick
6 sq. ft. per gallon for 3-course application
Sizes available: 10.1 oz cartridge, 1 gallon can and 3 gallon pail
Color: Black

Henry Pro-Grade 161 All Weather Flashing Cement
- Appropriate for setting and repairing SBS Modified Bitumen flashings
- Modified with SBS rubber for improved flexibility and durability
- Will not curl or chase the trowel when applied underwater
- Low-temperature and summer-grade formulations allow for an installation temperature range (ambient) of 20 °F to 120 °F
- 100% underwater adhesion per ASTM D3409
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement
Coverage: 12 sq. ft. per gallon applied 1/8” thick
30 sq. ft. per 4.75 gallon pail for 3-course application
Sizes available: 4.75 gallon pail
Color: Black
